Please, Please, Please Don't  
take the great station RFD  
TV off.

I am almost ninety and that  
is my station. It has so  
many good programs on RFD  
TV.

Please keep RFD Station on not  
only for me but many other  
good people.

Please leave the good things  
alone.

God Bless you and be good to  
us old people.

DOCKET FILE: COPY ORIGINAL

Please do not drop the  
one station that our family  
enjoys watching on a daily  
basis. This station is  
RFD!!

We are guaranteed programs  
that adults and children  
can watch. This includes  
movies, news, weather, music,  
comedies, and religious programs.

Our Dish satellite provides  
RFD. We watch, and enjoy

the variety of shows on RFD.

Hopefully, the FCC will see fit to order the big networks to stop threatening the small, independent networks, such as RFD, weather channel, etc and allow these to continue without a fear of cancellation.

Please pay attention to the proceeding # 1641 and listen to viewers and their comments.

Thank you, RFD! We will watch RFD TV as long as forever!

I am writing about you  
taking off the RFD station.  
We have watched this channel  
for years.

I am a recent widow, and  
81 years. Its a good family  
channel and nice music. If  
you take it off I may get rid of  
TV. Its was something good  
for me and anyone.

Please do what everyone wants  
and leave it on.

Just wanted to let you know  
that I love watching RFD-TV.  
It is like a trip "back home" when  
I finish my work and sit down.  
The Saturday night music row is my  
idea of entertainment. I especially like  
the Cumberland Highlands show. (wish  
it ran for an hour.)

Thank you all for making it  
possible.

My TV reception is through DirecTV  
satellite.

Please do not let anything interfere with R.F.D. channel reaching all Americans. It has many viewers! It is the only channel I watch other than my local channel, for the local weather.

The R.F.D. channel is the only channel fit for family viewing. There is no advertising of unsavory products, no profanity, no vulgarity etc.

When we have something good why destroy it?

If the R.F.D. channel is done away with I most likely will sell my T.V. and use my radio only.

Yours for better T.V.

Please, Please don't take RFD TV  
and rural programming off the air.

They are about the only decent programming  
except Religious programs, that's  
decent to watch.

It's the only channel that plays the  
old Country & Bluegrass music and  
rural programming.

please leave it on the air.

Thank you.

Dear FCC -

I am very upset with you concerning RFD-TV-  
It's a good family channel. why not take off some  
of the many other "so called entertainment"  
channels that are no decent to watch, either  
by adults & definitely not by children - The  
devil is raging and you are going along with  
him. Come on, stand up for what is right!

Re. Proceeding #16-41

Dear FCC,

We watch RFD-TV on DirecTV. It is our favorite channel for entertainment, agricultural news and understanding of what life is like in rural areas.

Our life in the city exists because of the rural areas that grow and raise our food. Most city people think their food comes from the grocery store, and they don't need the farmers and ranchers. They need to be informed.

Rural programming is good for young and old alike. There are a lot of channels that are not good for the young viewers on TV, but RFD is not one of them.

Please keep RFD-TV available for all. It is an asset to this country.

To whom it concerns,

We as many other  
families in rural areas  
are very concerned when we  
hear you are considering  
limiting R.F.D.'s air time.

There programming has been  
of the highest standards with  
no bad language.

We as farmers depend  
on the farm markets  
along with the weather reports

Sincerely,

Carl Barker

Gentlemen:

We receive RFD-TV through DIRECTV and enjoy all the programs very much. It has been a positive, life-changing experience for so many of our young people because of the wholesome programming. Many of the children in the cities have not experienced the rural settings before RFD-TV.

When our grandchildren visit we turn to RFD-TV and hide the remote control! This is the only channel where they are not exposed to advertisements for violent movies, etc.

Please use your influence to keep RFD-TV on the various cable and satellite stations. The morality of our young people depend on it.

Sincerely,

Hippie & Donaldson

I listen to RFD-HD Most every night during the Week. And also Watch from 4:00 P.M. - 10:00 P.M. on Saturday night.

So I love listen~~to~~ to that station.

So I writing to let you know that is Very important to leave it on the Air. My Husband & myself are both senior. My Husband is in is 90 yrs old. And I am my late 80°. So we don't have much choice on what is to see on T.V. We belong to Direct T.V. And either of us like to Watch Movie. So we ~~watch~~ watch mostly the Music that to play on RFD-HD.

So Please don't Block the programming that you have for us.

I hope to get around and order the Mag. with all of the station listed so that I can watch during the day also.

Thank you Very Much.

Subject: **Proceeding No. 16-41**

DUCKET FILE COPY ORIGINAL

To: Federal Communications Commission

I regularly watch a television network called "RFD-TV" via means of provider, "Direct-TV" which serves my home area.

From time to time, I am notified that RFD-TV will be "dropped from this and other satellite/cable providers for reasons unknown to me, although I would suspect financial interest plays a part in this somewhere.

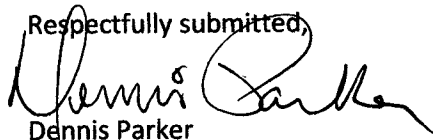

I would like to advise the FCC that RFD-TV is not a network that I watch strictly for "entertainment" as is the case with most networks, but rather one (in fact, the ONLY one I know of) that provides much needed, and often necessary, information critical to farming operations.

I own and operate a small farm and find RFD-TV extremely informative in providing news, cattle prices, and helpful information on proper preparation of pastures regarding legal applications of herbicides, pesticides, fertilizer, etc.

It would seem to me that a provider of such critical information to the farming industry would be far removed from a "cut list" of networks to be dropped, and I would like to respectfully request the FCC to do all in it's power to see that RFD-TV remains on the air.

I would also add that RFD-TV has not in any way "coerced" or rewarded me in any way for my request to the FCC. I do not know anyone connected with their network and am not affiliated in any way, other than being a small farmer who very much appreciates the helpful information provided by RFD-TV.

Respectfully submitted,

Dennis Parker

To whom this concerns,

Please, Please, continue with the RFD TV channel. It is so informative, and the Molly B. Polka Party is so enjoyable for older folks who cannot travel to see her in person.

Please keep this channel going, so many of us watch this channel & truly enjoy it.

PLEASE - PLEASE - PLEASE

THANK YOU

Sincerely

Please keep  
it going

Please do not Block or drop Rural  
Independent programming.

I support RFD TV and all the good  
programs it offers. ~~Especially~~ <sup>Especially</sup> all the country  
music.

I am a widow for the last 11 years and am  
72 now. You are trying to get rid of my  
age group of show to watch, that is the only  
reason I have my Dish Network.

Everything is geared to reality shows or  
things not even fit for TV.

Please let our voices be heard.
